Dear Loyal Patients,

I have come to the exciting decision to merge my practice with Dr Richard Razdolsky (Smile Obsession) in Glenview, IL. Effective Feb 4, Blanche and I will be seeing all of our patients in the new location. Smile Obsession is a newly built dental office with all new and modern equipment. It is located about 9 minutes away from my current office, near the intersection of I-294 and Willow Rd. We will be taking the same insurances and providing the same amazing dental care but in a newer facility. Our phone number will remain the same as well.

Dr. Richard Razdolsky is a Northshore native and comes from a long line of dental professionals, including his father and siblings. Aside from the inheritance of dental genealogy, Dr. Razdolsky is a graduate of NYU College of Dentistry. I take great pride in our partnership as Dr. Razdolsky was brave enough to become a dental entrepreneur during a time when our world was facing a pandemic and uncertainty. His courageousness is a prime indicator of his deep-rooted concern for oral health, and I feel confident he upholds the same standard of dental care as I do.

I want to assure you that I am not retiring and I will continue to be available to all my patients the same hours as I have been available in my Niles practice. I will also be offering online booking in the coming month via the new website.

www.smileobsession.com. Blanche and I look forward to seeing all of you soon at our new facility. Please feel free to call us to make an appointment.

With Gratitude,

Chris Kyros, DDS
